For all of our New members , here is a little Info. about Owen,. Owen is a long time Rotarian from the Rotary club of RC BALWYN, Melbourne, AUSTRALIA During his first visit to Escondido he was so excited about a project that we were doing that he donated \$1000.00 toward the project and became a Paul Harris fellow here ,this is unusual because in Australia most Paul Harris Fellows are given as a reward not bought by the Rotarian.

That year he attended our demotion Party and was shocked about how we treat outgoing Presidents .

Owen has a very interesting background as an electrical engineer who lived in Escondido and worked on international projects all over the world.

One of the most important things he did was early on he was part of a team of men who developed the guidelines and laws that were used to set up and govern the City State of Singapore ,this is now one of the most powerful in the World.

Plus he makes yearly trips to Turkey to remember the battles in the first world war where thousands of lives were lost . You have to meet him and hear his newest presentation.

THE REPORT ON LAST WEEK
By Alan 

LAST WEEK'S MEETING

PREZ. Jeff, with his usual élan, asked us politely to come to order with the blasting of a fog horn.

Brian Murphy, of the terrific baritone, led us in the pledge, and then Pastor Phill asked a lovely blessing on our service and the food, followed by an impassioned plea for divine intervention of the return of the bell. Along those lines, Pres. Jeff had Jim Lund stand and told him he would fine him \$20 each and every week the bell was not returned. Jim, in his best courtroom manner, suggested that he had been wrongly accused and that perhaps Jeff had not looked for the bell in all the right places, starting with the interior of the podium. Evidently miracles do occur, or pastor Phill has more pull with his Boss than we thought. The bell was right there all along, Jim's fine was dropped to \$10 for strong-arming a guest and the saga is resolvedso far!

Visiting Rotarians were: our speaker, Chris Megison from Shadowridge and Joe Scoggins from

Arizona. The secret greeter was John Woodbury. True to his tasking, he noted that Brian, Peter and Jim Lund had failed to be friendly. Moi was fined because of no pin --- geez, I know who I am. The foundation seminar is September 13, from 7:30 to 11:30. Let Jeff, Jeff@Milojohnsonautomotive.com know if you want to go. I'm going - it's really the best showcase for what we, as Rotarians, do. I always enhance my sense of pride at these seminars, and highly recommend them.

We were happy to hear that John Sawtelle is home, the operation went well and recovery is on track. Nick suggested that he (John) could provide us with a slide show of the operation.

Mark Crosby finally received his blue badge, Kelly Ponder received a badge with her name spelled correctly, Kirk Hansen was fined \$44 for having a birthday, and George, who is taking the lovely Erin to Cabo, was fined \$40 for that anniversary.

On September 20, the Comish Of fun, George gbeitner@allstarsignsinc.com is creating a beach party and camping at Del Mar beach, Camp Pendleton. He's got a lot of neat stuff lined up for games, fun and general frivolity. Give him a call for potluck stuff.

George gave himself a high 5. 27 years ago he decided he wanted to climb Mt. Whitney, and he did - last week. Good on ya George ... a noble accomplishment. But then, not to be outdone, Jim Ponder, who was part of the expedition, climbed it TWICE in two days. George brought back an unused poo bag from the Whitney expedition and presented it to our beloved president. In keeping with the scatological theme, Peggy returned from Alaska and brought Jeff some moose "nugget" candy ----are we not a clever group? Jeff brought John Woodbury a present from Fort Sill, where he and Cathy went for their son's graduation from boot camp.

John, for acting as a president last week, was presented with an Army pencil and a Fort Sill pencil sharpener.

Jim Ponder, in addition to his mountaineering accomplishments, added a high 5. His son is engaged, yaaay, the boy gets married, they're off the hook for the costs. Now about Kelly!!!

Peggy noted that the yearly luncheon for Interfaith will be held this Wednesday. Like our Foundation seminar, this luncheon highlights the accomplishments of Interfaith and celebrates those who have made it possible. We have had a pretty fair hand in that this year and should be proud of that accomplishment. If you want to go, give her a shout - preiber@interfaithservices.org

Brian Willey asks for volunteers to help clean up, cut down, etc. a partially destroyed grove on October 4. Again, if you can volunteer a day, please give him a call bwilley@1stcent.com

On September 25, at Kit Carson Park, there will be an anniversary commemoration and celebration for the fire, police, etc., departments. I forgot who mentioned that. I DO know that Susan said our duck races would take place the same day, but it should not be a conflict.

I have a scribble, something about John Masson, shipwrecked on 9/11. Oh yeah, he knows this family who were shipwrecked on an atoll on an around the world trip and he is going to get them to speak, perhaps an evening speaker? By the bye, he (John) cut his hair reeeeeeel short --- it's STILL purple.

Mike Dunlap introduced Chris Megison who is heavily involved in resolving homeless issues for families in North County. I have decided not to try and encapsulate the speaker's program, too bloody complicated, and if I do, I won't get the benefit of the message. So, if Ya wanna hear what the speaker has to say, COME TO THE MEETING!

. Be there or send a photo.

The drawing for \$14,368,992 was missed by Kelly Ponder who drew the King of clubs. Our fearless protector, Bob Benton, was awarded the lunch money of \$21.

Nest week ---- OWEN TASSIKER with his yearly update. Be there or send a photo.
