## THE PROGRAM FOR THIS WEEK

**Lon Anderson**  
**The Mountain Man**  
**Is coming to talk about**  
**the Mountain Man**  
**Rendezvous**

The Varsity Scout Mountain Man Rendezvous is a great place for your young men to experience history and try new skills. There is competition for individuals and for the team. A good way to get a summer long program with the Rendezvous as the ending highlight, is to work with your team on the skills, shelters, and clothing of the Mountain Man. Many articles of clothing that can pass for a Mountain Man outfit can be found at your local thrift shop. Hats, bags, work shirts, blankets for capotes and belts are just some of the items that can be purchased cheaply with a little effort in the hunt

Every week we are greeted by the smiling face of Gloria Who welcomes us gives us hugs and try's to give away Hundreds of Dollars to us . Thank you Gloria

## Alan's report on Last week

Full house, you missed it, cool program, cool people, great food, we (as a group of attendees) had purchased a lotto ticket. We (again, those who ATTENDED) each won a cool mill. Sorry you missed it.

SUE CAUGHMAN led us in the pledge, JACK thanked God for the rain and the Amgen race (more on that later). One Rotary guest, STEVE the new director of the Escondido Children's museum also helped with the presentation.

We were afforded some great publicity in the NCT for the winners of the 4-way test. However, the first place winner was absent from the photo. CHRIS said he didn't get it from ART, ART said they used the photo taken by the Academy anyway and he would get CHRIS the proper photo ---- it was fun to watch the buck passing around the table .. never DID know where it stopped. Here is the correct photo that Chris is going to send to the NC Times . JACK said CHRIS didn't have the picture, JEFF mentioned he was on the downhill, or "happy" side of the presidency - we all applauded. He did mention the District Council coming up on 3/21, from 8-1, including lunch. Good info regarding Rotary functions in the breakouts, RED BADGERS should make it a point to go. Get in touch with JEFF, jeff@Milojohnsonautomotive.com club pays. CHRIS has 2 sponsorship pins now, although he missed the last induction of his sponsoree.

Woo hoo,  
**JEFF McDONALD**  
**is Back good to see**  
**You again.**  
**WE MISSEED**  
**YOU**

**BOB BENTON** was fined \$30 for having the audacity of a birthday in the middle of February -- what was he thinking??

ART got fined \$10 for screwing up the website - or something like that.

We all got a big thank you from SARAH CAITY HERBERT for the signed birthday card. She is travelling all over the world on this school year in Italy, great experience for a great gal..

**NICK Has an anniversary Tuesday - may take ROSIE to Coco's - \$50.**

JOHN SAWTELLE announced the embossers for Turkey were only \$650 short, Kevin made a deal for matching Paul Harris money for pledges. RICHARD BARRON stepped up with \$600 and good ol' ART stepped up with the rest. He also talked about Rotary at Work Day coming up on 4/25 (he also casually mentioned he'd be snorkeling in the Galapagos at that time), BRIAN WILLEY is taking up the banner and carrying on for that project. He WILL be contacting you. JOHN BOYCE has been contacted for some help with the burned Sykes adobe and will be making a project of that.

KEVIN congratulated us on our Paul Harris participation and made several disgusting remarks about clubs with less participation. He also mentioned that at our next meeting there will be the presentation of several PH awards.

BRIAN MURPHY passed out flyers for this year's PANACHE. A terrific evening of art, entertainment and food for the Escondido Arts Partnership. Sunday, March 28th 5:30 - 8pm. This is a fantastic event, it's a great time and helps promote a great local group of really fine artists. The tickets NOW, are \$50 (760)480-4101, they will SOON go to \$65 and then \$75 at the door. Get on board soon.

BOB BENTON introduced Robin Bettin , the Assistant Director of Community Services. She and our aforementioned guest STEVE?? gave a PP presentation regarding the AMGEN race due to finish at Broadway and Grand tomorrow (Sunday). Starts at noon in RB, ends 3:30 to 4:30 downtown. This is HUGE, you should at least pick a point on the route and watch it go by. The website is [www.amgentourofcalifornia.com](http://www.amgentourofcalifornia.com) it will give you the route, times when the riders will be at each point, and all you ever wanted to know about this staged race. 800 miles, 8 days, ours is the finishing leg, 98.6 miles, the toughest of the tour, which by the way, is the largest professional bike race in America. GO THERE, BE THERE, SUPPORT YOUR CITY, and have a good time as well, there will be a kids' zone, games, bands, scooter races, etc., on Grand Avenue. By the bye, they expect about 40,000 fans.

**Jeff and our speaker Robin**

No one took away the more than \$700.00 this week ,this is our biggest pot ever.

KEVIN wisely opted for the \$25 lunch money, and ANDY bombed out.

Next week - THE MOUNTAIN MAN -- bring your furs to trade.
